

DO WE KNOW WHAT EUROPE IS?

Do we know what Europe is?
Not the land is what I mean
I mean Union, I mean peace
But do people know those things?
Someone sanctions only see,
What they call austerity,
To build walls someone would need
But UE would disagree.
I respect all points of view
But they mustn't be so blind
Europe means, in Greece they knew,
"Lady with two giant eyes"
So for better those things see
Information is the key.
